\*\* Clamp strap #51 substituted for #50

To help determine the value offered by Sadlak Innovative Design, this chart compares Sadlak products to standard, commercially available clamp straps. While not exact matches, the clamps listed above are very close in size to those offered by Sadlak and therefore suitable for general comparison. Jergens clamps are the closest match because their tapered-nose design looks identical to the Sadlak brand. Other brands listed offer a radius nose but perform the same function. List prices shown are from manufacturers' websites as of 2/23/10.

- \* Minimum order of 10 per size
- \* MADE in USA
- \* Steel 1018 Low Carbon
- \* Case Hardened Rc 40-45
- \* Black Oxide Finish
